

Transfer money abroad the brighter way

We'd like to talk to you about how we can make your experience of sending money overseas as positive as possible.

We'll focus on two things – getting you the **best deal** (that's the most important bit), and making the currency transfer **simple** (this is critical too).

Easy. Like 1, 2, 3...

We change money from one currency to another. There's more to it than that, but we like to keep things simple. You'll benefit from:

- A **fast, efficient** and **secure** service – we're so good that 97% of our customers would recommend us to their friends
- A **currency expert** (yes, a real person) who will help you at every step, from ensuring you understand the markets to offering jargon-free and direct guidance
- Products that **suit your needs** – whether you're making a fast transfer today, sending money to buy that holiday property next month or paying a mortgage.

Rates that make you say ¥€\$!

Money talks, we know. It's one of the reasons our business has grown so much since 1996. We beat the high street banks time and again – by as much as 5%.

How do we do it? Simple. As well as offering better rates, we also keep an eye on the market and let you know when it's in your favour.

Oh, and we don't charge transfer fees either. There'll be no hidden charges in our service.

Take a look for yourself...

How much would you get when using your bank to transfer €50,000 into sterling, compared to us?
